

Lutheran Church-Canada

West Region Elections

2018

Lutheran Church-Canada Commission on Nominations and Elections

A. The Commission members are: Rev. Lorne Reddemann (Chairman), Rev. Robert S. Morley (Secretary), Rev. Keith Hoveland, Rev. Michael Meleg, Mr. Rod Johnson, Mr. Milton, Joneson, Mrs. Sharon Schieman

B. The Nomination Forms were sent out through the helpful work of the staff at the Synod Office. When such forms were returned consent (Accept/Decline) forms designed by the Commission were sent out to the Nominees (OR they were notified by e-mail) and these were to be returned to the Secretary of the Commission by a stipulated date (which was subsequently changed to allow for more participation by member congregations of the Synod.

C. The Commission would like to thank the many who submitted forms in a timely and completed fashion. When forms were incomplete, it made the Commission's work more difficult, and preclude some being nominated because they could not be properly identified. Every effort was made to obtain the necessary information. Those nominated who did not return their consent (Accept / Decline) forms are indicated by the designation "N/R".

Please note the following:

While the CNE was doing what it believed would help in the Nomination and Election process for Elections to the positions of Regional Pastor, Circuit Counsellors, and Lay Members of the Regional Mission and Ministry Councils, a question has arisen regarding the action we have taken. The question concerned the "having of nominations from the floor" during the Convention. We have tried to give full opportunity for congregations to participate in the nomination and election process by:(1) first having a round of nominations for such positions; (2) checking as to whether a nominee would let their name stand or not; (3) securing the "Candidate Profile" pages from those who accepted such nominations;(4) giving a further opportunity to all congregations to nominate (after this first process was completed) any additional nominee -- and setting a deadline date of 10 days before the Convention in order to have time to process the nomination and "Candidate Profile" forms, run off copies of those forms and make such copies available to all delegates at the beginning of the Convention. It was hoped that this would enable a more efficient and time-saving element to the elections at the Convention.

However, while this seemed to be a good process to follow, the question surrounding this process has resulted in the following opinion:{NOT THE OPINION OF THE CCMS} "giving... the ability to nominate even up to 10 days before a Convention is certainly more than generous but it does not negate the provision in 2.315,5 for candidates to be nominated from the floor". There is a further proviso along with that opinion that it should be made very clear to the

Conventions that nominating from the floor will require just as much documentation on the individuals nominated as may be required to vet that person adequately (as described in the Bylaws themselves). Such provisions cannot be changed at this point because of the existing Bylaws.

THEREFORE , the CNE, while still believing that the process needs adjustments, and yet not wishing to violate any Synodical Bylaws, commits to the following. The 'Nomination and Election process" at the District Conventions will allow "nominations from the floor" providing that all the requirements regarding the necessary documentation are fulfilled. (a) you have the written consent of the person to be nominated, and (b) the 2 page Candidate Profile has been completed and received by the CNE at least 10 days before the District Convention. This will then require the information to be processed, copies made, and the information provided to all the voting delegates at the Convention. Then there will also be the necessary "giving of time" for the delegates to review such materials. Following this, the slate will be declared completed, announced so the action is clear. Then the ballots can be reset , have copies made, and be distributed among the delegates so that the voting process can take place, followed by the tabulation of votes that are cast, and the announcing of the results.

Nomination Record as received for West Region:

	FOR POSITION OF: REGIONAL PASTOR	DISTRICT		<u>TOTAL NOM.</u>
